INFORMATION CIRCULAR

(As at July 14, 2017, except as otherwise indicated)

THE MEETING

This management information circular (the “**Circular**”) is furnished in connection with the solicitation of proxies being undertaken by the management of Lupaka Gold Corp. (the “**Company**”, or “**Lupaka**”) for use at the Annual General Meeting of the Company’s shareholders (“**Shareholders**”) to be held on Tuesday, September 12, 2017 at 10:00 am (Pacific Time) (the “**Meeting**”) for the purposes set forth in the accompanying notice of meeting (“**Notice of Meeting**”) or any adjournment thereof, at the offices of DuMoulin Black LLP, located at 595 Howe Street, 10th floor, Vancouver, British Columbia V6C 2T5.

The information contained in this Circular is given as of July 14, 2017, unless otherwise indicated. No person is authorized to give any information or to make any representation not contained in this Circular and, if given or made, such information or representation should not be relied upon as having been authorized.

The Notice of Meeting and accompanying form of proxy are being mailed on or about August 8, 2017. In this Circular, references to “the Company”, “Lupaka”, “we” and “our” refer to Lupaka Gold Corp. “**Common Shares**” means common shares without par value in the capital of the Company, “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name and “**Intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that hold securities on behalf of Beneficial Shareholders. Unless otherwise indicated, all references to “\$” or “dollars” in this Circular mean Canadian dollars.

VOTING INFORMATION

Lupaka’s management is using this Circular to solicit proxies from the Shareholders for use at the Meeting.

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but Lupaka’s directors, officers and regular employees may also solicit proxies personally or by telephone. Lupaka will bear all costs of the solicitation. Lupaka has arranged for Intermediaries to forward solicitation materials to beneficial owners of Common Shares held of record by those Intermediaries and Lupaka may reimburse the Intermediaries for their reasonable fees and disbursements in that regard.

COMPLETION AND VOTING OF PROXIES

Voting of Proxies

The Common Shares represented by the accompanying form of proxy, if properly executed and received at the offices of Computershare Investor Services Inc., Attention: Proxy Department, 8th Floor, 100 University Avenue Toronto, Ontario M5J 2Y1, by no later than **10:00 a.m. (Pacific Time)** on September 8, 2017 or, if the Meeting is adjourned, then not less than 48 hours (excluding Saturdays, Sundays and holidays) before any such adjourned meeting, will be voted at the Meeting, and, where a choice is specified in respect of any matter to be acted upon, will be voted or withheld from voting in accordance with the specification made. **In the absence of such a specification, the persons designated in the accompanying form of proxy will vote in favour of all matters to be acted on at the Meeting.**

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to the matters set forth in the accompanying Notice of Meeting, or all other business or matters that may properly come before the Meeting. At the date hereof, management of the Company knows of no such amendments, variations or other business or matters to come before the Meeting.

Registered Holders

Only Shareholders registered as shareholders in the Company's shareholder registry maintained by the Company's registrar and transfer agent ("**Registered Shareholders**") or duly appointed Proxyholders (except as discussed below under the heading "*Beneficial (Non-Registered) Shareholders*") are permitted to vote at the Meeting.

Beneficial (Non-Registered) Shareholders

Shareholders who hold Common Shares through their brokers, intermediaries, trustees, or other nominees (such shareholders being collectively called "**Beneficial Shareholders**") should note that only proxies deposited by shareholders whose names appear on the share register of the Company may be recognised and acted upon at the Meeting. If Common Shares are shown on an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases the name of such Beneficial Shareholder **will not** appear on the share register of the Company. Such shares will most likely be registered in the name of the broker or an agent of the broker. The vast majority of such shares will be registered in the name of "**CDS & Co.**", the registration name of The Canadian Depository for Securities Limited, which acts as nominee for many brokerage firms. Such shares can only be voted by brokers, agents, or nominees and can only be voted by them in accordance with instructions received from Beneficial Shareholders. **As a result, Beneficial Shareholders should carefully review the Voting Instruction Form provided by their broker, agent or nominee along with this proxy Circular and ensure that they direct the voting of their shares in accordance with those instructions.**

Applicable regulatory policies require brokers and intermediaries to seek voting instructions from Beneficial Shareholders in advance of the Meeting. Each broker or intermediary has its own mailing procedures and provides its own return instructions to clients. The purpose of the form of proxy or voting instruction form provided to a Beneficial Shareholder by such shareholder's broker, agent or nominee is limited to instructing the registered holder on how to vote such shares on behalf of the Beneficial Shareholders. Most brokers in Canada now delegate responsibility to obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares voting instruction forms, mails those forms to Beneficial Shareholders and asks those Beneficial Shareholders to return the forms to Broadridge or follow specific telephone or other voting procedures. Broadridge then tabulates the results of all instructions received by it and provides appropriate instructions with respect to the voting of such shares to the Company's registrar and transfer agent, Computershare Investor Services Inc. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote their shares at the Meeting. Instead the voting instruction form must be returned to Broadridge or the alternate voting procedures must be completed well in advance of the Meeting in order to ensure that such shares are voted.**

Beneficial Shareholders should follow the instructions on the forms that they receive and contact their Intermediaries promptly if they need assistance.

Notice and Access

In February 2013, the Canadian Securities Administrators implemented regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to deliver proxy-related materials to Shareholders using the "notice-and-access" mechanism (as defined in National Instrument 54-101) by posting such materials on an easily accessible website, rather than mailing physical copies of the materials.

The Company will deliver the notice of Meeting, this Circular and the form of proxy (the "**Meeting Materials**") to Registered Shareholders and Beneficial Shareholders in Canada and the United States by posting the Meeting Materials on its website at <http://www.Lupakagold.com/s/financialreports.asp>. The Meeting Materials will be available on the Company's website as of Tuesday, August 8, 2017, and will remain on the website for one full year thereafter. The Meeting Materials will also be available on SEDAR at www.sedar.com as of Tuesday, August 8, 2017.

Those Shareholders residing outside of Canada or the United States will be receiving paper copies of the Meeting Materials.

Shareholders who reside in Canada and the United States that wish to receive paper copies of the Meeting Materials may request copies from the Company by calling toll-free in North America at 1-844-851-1260. The Company will send paper copies of the Meeting Materials to requesting Shareholders at no cost to them within three business days of their request, by prepaid mail, courier or the equivalent, if such requests are made before the Meeting. If such requests are made after the Meeting, the Meeting Materials will be sent within ten calendar days after receiving the request.

Beneficial Shareholders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “non-objecting beneficial owners” (“**NOBOs**”). Those Beneficial Shareholders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “objecting beneficial owners” (“**OBOs**”).

In accordance with applicable securities laws, the Company has elected to send the notice-and-access notification indirectly, through Intermediaries, to NOBOs and OBOs and directly to Registered Shareholders. The Intermediaries (or their service companies) are responsible for forwarding the notice and access notification and Meeting Materials to each OBO and NOBO, unless the OBO and NOBO has waived the right to receive them. The Company has elected to pay to distribute its Meeting Materials to the OBOs.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying form of proxy are directors and officers of the Company. **Registered Shareholders have the right to appoint as their proxy some other person or company of their choice, provided that Registered Shareholders that are individuals must only appoint another Registered Shareholder as their proxy.**

A Registered Shareholder, desiring to appoint some other person or company to represent them at the Meeting, may do so either by inserting the name of such person or company in the blank space provided in the accompanying form of proxy and striking out the names of the management nominees or by duly completing another proper form of proxy and, in either case, depositing the completed proxy at the offices of the Company’s registrar and transfer agent, Computershare Investor Services Inc., Attention: Proxy Department, 8th Floor, 100 University Avenue Toronto, Ontario M5J 2Y1, before the specified time described in the previous section.

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a proxy may revoke it: (a) by attending the Meeting and voting the Registered Shareholder’s Common Shares, (b) by fully executing another form of proxy bearing a later date and duly depositing the same before the specified time, or (c) by executing a valid notice of revocation (where a new proxy is not also filed).

A later dated proxy or notice of revocation must be executed by the Registered Shareholder or the Registered Shareholder’s authorized attorney in writing, or, if the Registered Shareholder is a corporation, by an officer or attorney duly authorized, and delivered by fax to 1-866-249-7775, or by mail (via postage paid return envelope) to Computershare Investor Services Inc., attention: Proxy Department, 8th Floor, 100 University Avenue Toronto, Ontario M5J 2Y1, or to the head office of the Company located at #220 – 800 Pender Street West, Vancouver, British Columbia, Canada, V6C 2V6.

A later dated proxy may be received at any time up to and including the business day before the Meeting, or if the Meeting is adjourned, at any time up to and including the last business day before any reconvening thereof at which the proxy is to be used, or to the chair of the Meeting on the day of the Meeting or any reconvening thereof.

Only Registered Shareholders have the right to revoke a proxy. Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their Intermediaries to change the vote and, if necessary, revoke their proxy.

A revocation of proxy will not affect a matter on which a vote is taken before the revocation.

EXERCISE OF DISCRETION

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the Shareholders appointing them. **In the absence of such direction, such shares will be voted at the discretion of the person named in the proxy. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other**

matters which may properly come before the Meeting. At the time of printing of this Circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

RECORD DATE AND QUORUM

The Record Date for determining persons entitled to receive notice of and vote at the Meeting is July 14, 2017. Only persons who were Registered Shareholders as of the close of business on July 14, 2017 are entitled to vote at the Meeting, or any adjournment or postponement thereof, in the manner and subject to the procedures described in this Circular. A quorum for the Meeting shall be two persons who are, or who represent by proxy, Shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the Meeting.

NUMBER OF DIRECTORS

The board of directors of the Company (the "**Board**") is a variable board consisting of the greater of three and the most recent number of directors set by ordinary resolution. As at the last Annual General Meeting the size of the Board was set at six (6) directors. In August, 2016 the Board accepted the resignation of Mr. Jaime Pinto as director. In August, 2016 the Board elected Mr. Lucio Pareja to fill the vacancy on the board until elected by the Shareholders at the Meeting. Mr. Edwards will not be nominated for re-election as director at the Meeting. Management of the Company is seeking Shareholder approval through an ordinary resolution to fix the number of directors of the Company at five (5) for the ensuing year.

ELECTION OF DIRECTORS

The term of office of each of the current directors will end immediately before the election of directors at the Meeting. Management does not contemplate that any of the five nominees will be unable to serve as a director. Unless the director's office is earlier vacated in accordance with the *Business Corporations Act* (British Columbia) and the Articles of the Company, each director elected will hold office until the next Annual General Meeting or until his successor is appointed.

At the Meeting, the Company will ask Shareholders to vote for the election of each of the five nominees proposed by the Company as directors. Each holder of Common Shares will be entitled to cast their votes for, or withhold their votes from, the election of each director. **The management proxyholders named in the accompanying form of proxy as proxyholders intend to vote FOR the election of each nominee whose names are set forth in this Circular, unless instructed otherwise.**

Majority Voting for the Election of Directors

The Board is committed to the principle that thorough review and consideration should be undertaken if a nominee for director, in an uncontested election of directors, does not receive the affirmative vote of at least the majority of the votes cast at any meeting held for the election of directors at which a quorum has been confirmed. To that end, the Board has adopted a majority voting policy.

Nominees

The following table sets forth for each of the persons proposed to be nominated for election as directors their name, province/state and country of residence; their principal occupations within the five preceding years; a brief biographical description; the period during which they have served as directors of the Company; members who serve on the audit committee; and the number of securities of each class of voting securities of the Company or any of its subsidiaries, if any, beneficially owned, or controlled or directed, directly or indirectly as of the date of this Circular. Compensation Discussion and Analysis

As of November 13, 2015, the Company dissolved the Compensation Committee and the Governance and Nominating Committee and revoked each of their charters, given reduced activity in the Company. The Board as a whole has resumed responsibility once conducted by these two Committees.

Compensation Philosophy

The Company's compensation program is designed to be competitive with other companies of similar market capitalization, number of employees, stage of development and places of operation. The Company's compensation program also reflects the financial resources of the Company.

Generally, the Company will be competitive in its total compensation package when compared to a benchmark group of similar companies. The Company has also adopted a policy to pay lower base salaries and higher incentive pay (cash bonuses and option awards), when compared to the benchmark group.

During 2012, the Company formalized its compensation policies and practices as set out in the Compensation Philosophy and Guidelines which was amended and approved by the Board on November 7, 2013 (the "**Compensation Philosophy and Guidelines**").

The Board has taken on the responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy and guidelines.

Compensation Components

The Company's executive compensation is derived from a mix of a base salary, short term incentive compensation (cash bonuses), long-term incentive compensation (stock options and other non-cash awards) and company provided benefits/perquisites. Each year the Board reviews the aggregate amounts and cumulative mix of all of the components of compensation for Executive Management to ensure that the Company remains competitive while following its Compensation Philosophy and Guidelines.

Generally, the Company's compensation programs are intended to attract, motivate and retain highly talented individuals who are able to assist the Company in implementing its strategies and achieving its goals. As part of the process the Board receives from management updates on long-term strategies and goals for the Company that are designed to increase shareholder value and protect and grow the Company. The Board shall receive from management a range of short-term milestones that it believes must be achieved in order to implement and fulfill the Company's overall business strategy and ultimately improve shareholder value as well as milestones for each executive of the Executive Management for the achievement of the short and long term Company strategies.

Base Salaries

Base salary compensates Executive Management for services rendered during the fiscal year and provides Executive Management with a base level of earnings. Each Executive's base salary is recognized to be only one component of the overall compensation, and other forms of compensation are awarded to ensure the Executive Management's total compensation is in line with industry standards and the Company's overall compensation philosophy.

Base salaries for each member of Executive Management are established on their experience, performance, knowledge and the scope of their responsibilities, taking into account competitive market compensation paid by other companies in Lupaka's industry for similar positions and the overall market demand for such executives.

Adjustments are considered annually based upon merit as well as consideration of changes reflected in the comparable benchmark group of companies. Additionally, the Company adjusts base salaries as warranted for promotions or changes in the scope and breadth of each Executive's role or responsibility. Salary adjustments are considered in the first calendar quarter of each year following approval of the corporate annual budget, operating plan and business objectives.

Short Term Incentive Plan (“STIP”, Annual Cash Bonus)

STIP rewards excellent individual performance and the achievement of certain short-term Company objectives with cash bonuses.

Largely, the Board will review with the CEO the success of each member of Executive Management in meeting their objectives, as well as that individual’s contribution toward implementing Company’s strategies and achieving Company goals. Cash bonuses paid to the CEO are developed and considered by the Board. The amount of annual cash bonus awarded is dependent on the level of achievement of the individual and success of the Company in achieving its goals, and will take into consideration any extraordinary performance during the preceding fiscal year, as well as the financial position of the Company at the time of the award.

Long Term Incentive Plan (“LTIP”, Stock Options and Other Non-Cash Awards)

Stock options and other non-cash awards are granted as long-term incentive compensation for continuity and retention of Executive Management. The LTIP allows Executive Management to participate in any appreciation of the market value of the Common Shares over a longer period of time, and reinforce a commitment to long term growth and shareholder value. Goals of management should be aligned with the best interests of the Company. Individual stock options awards are developed by management and recommended to the Board for approval. The size of the option grants are dependent on, among other things, the individual's position, level of responsibility and contribution to the longer-term operating performance of the Company.

Typically, annual incentive stock option grants are in the fourth quarter of each calendar year, as prescribed by the 2010 Option Plan. In November 2015 the Board determined and approved the LTIP for Executive Management and all other employees.

Perquisites

Executive Management may be eligible for other benefits and perquisites provided by the Company including the Company’s employee health benefits program, health club membership, and others. There is currently no pension plan or disability benefits in place for directors or Executive Management.

Compensation Oversight and Determinations

In the absence of a Compensation Committee, the Board reviews the results achieved by the Company and discusses them with management. The Board determines an overall assessment for actual corporate performance relative to an expected level of performance. This overall corporate performance assessment as well as a review of the benchmark group of similar companies, and the Company’s compensation philosophy to pay lower base salaries and higher incentive pay (cash bonuses and option awards), keeping in mind, the financial position of the Company, determines Executive Management’s compensation.

During 2016, certain Executive Management and employees of the Company voluntarily agreed to a substantial reduction in each of their salaries until such time as the Company has attained adequate or sufficient financial resources. As a result, the Board did not undertake a formal performance assessment of Executive Management’s compensation nor a review of the benchmark group of similar companies for the fiscal period ended December 31, 2016.

Compensation Risks

The Board reviews the Company’s compensation program for safeguards designed to mitigate compensation risks. The Compensation Committee determined that the risks associated with the remuneration of executives were determined to be:

- (a) attract and retain qualified people;
- (b) overcompensation;
- (c) inappropriate or excessive risk-taking.

The Company has not adopted a formal policy forbidding directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by directors or officers. The Company has, however, included in the Company’s Insider Trading Policy that Lupaka considers it improper and inappropriate for any employee to engage in short-term or speculative transactions in Lupaka’s

securities. Moreover, employees are prohibited from engaging in short sales and other speculative transactions involving Lupaka's securities, whether directly or indirectly, except in cases where shares are sold short in connection with a concurrent exercise of stock options. The Company is not aware of any directors or officers having entered into this type of transaction.

Pension Plan Benefits

The Company does not have a pension plan.

Other Compensation

Executive Management receive other benefits that the Company believes are reasonable and consistent with its overall executive compensation program. These benefits, which are based on competitive market practices, support the attraction and retention of Executive Management. Benefits consist of medical, life insurance, extended health and dental coverage, the level of which is consistent with industry practice and generally available to all employees.

Director Compensation

No cash compensation was paid to any director of the Company in his capacity as such during the most recently completed financial year ended December 31, 2016. The Company does not have any arrangements, standard or otherwise, pursuant to which directors are compensated by the Company for their services as directors except for the granting of incentive stock options from time to time in accordance with the 2010 Option Plan and the reimbursement of reasonable expenditures incurred in performing their duties as directors.

Retirement Policy for Directors

The Company does not have a retirement policy for its directors.

Stock Option Granting Process

Grants of stock options are made pursuant to the Company’s 2010 Option Plan. The Company’s directors are responsible for reviewing and approving all individual stock option grants, which are typically made upon the commencement of employment by a new Optionee and annually thereafter.

The following is a summary of the material terms of the Plan and is qualified in its entirety by the full text of the amended and restated Plan attached as Schedule “C” to the 2015 Management Information Circular, filed on April 29, 2015 and available at www.sedar.com or may be obtained upon request from the Company at 220 – 800 Pender St West, Vancouver, BC V6C 2V6. The 2010 Option Plan authorizes the Board to grant stock options to the Optionees on the following terms:

1. The maximum number of Common Shares of the Company which may be issued pursuant to stock options granted under the 2010 Option Plan, unless otherwise approved by Shareholders, is 10% of the issued and outstanding Common Shares at the time of the grant. Any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the 2010 Option Plan, and any exercises of stock options will make new grants available under the 2010 Option Plan.
2. The aggregate number of issued and outstanding Common Shares reserved for issuance pursuant to all options granted to any one Optionee shall not exceed 5% of the number of issued and outstanding Common Shares outstanding on a non-diluted basis at the time of such grant. In addition, the issuance to any one insider and such insider’s associates, within a one-year period, of issued and outstanding Common Shares on the exercise of options may not exceed 5% of the issued and outstanding Common Shares, and the number of issued and outstanding Common Shares which may be reserved for issuance under the 2010 Option Plan and under any other security based compensation arrangements of the Company to all insiders and insiders’ associates shall not exceed 10% of the issued and outstanding Common Shares. Furthermore, any one consultant within a one-year period shall not exceed 2% of the issued and outstanding Common Shares at the time of grant and the number of Common Shares which may be reserved for issuance under the Plan and under any other security based compensation arrangements of the Company to any one Consultant shall not exceed 2% of the issued and outstanding Common Shares; and all Optionees performing investor relations activities within a

one-year period, may not in the aggregate exceed 2% of the issued and outstanding Common Shares, and the number of Common Shares which may be reserved for issuance under the Plan and under any other security based compensation arrangements of the Company shall not exceed, in the aggregate, 2% of the issued and outstanding Common Shares.

3. The Board shall fix the option price per Common Share which shall not be less than the closing market price of the Common Shares on the TSX.V one trading day prior to the effective date on which the option is granted by the Board and if there is no sale on such trading day, then the last closing market price on the TSX.V prior to the effective date on which the option is granted.
4. The term of an option shall not be less than one year and not more than ten years from the date of grant, subject to the other terms of the 2010 Option Plan.
5. The Board shall determine at the time of granting an option to an Optionee pursuant to the Plan the maximum number of Common Shares that may be exercised by such Optionee in each year during the term of the option. Subject, however, to the restriction that any options granted to an Optionee performing investor relations activities shall vest over a minimum of a one-year period and no more than one-quarter (1/4) of such options may vest in any three (3) month period. Notwithstanding the foregoing, any unvested options shall vest immediately on the date that is one business day prior to the date on which the Sale provided for in such agreement is completed, or, in the case of a Take-over Bid (as defined in the *Securities Act* (British Columbia)) having been made, one business day prior to the date on which the Common Shares shall have been taken up by the offeror, or in either case on such other date as may be set by resolution of the Board. "Sale" means the sale of all or substantially all of the assets of the Company as an entirety or substantially as an entirety to any person or entity (other than a wholly-owned subsidiary of the Company) under circumstances such that, following the completion of such sale, the Company will cease to carry on an active business, either directly or indirectly through one or more subsidiaries.
6. Where an option expires during a Black-Out Period or during the ten business days following the end of the Black-Out Period, the term of such option shall be extended to the date that is the tenth business day following the end of such Black-Out Period. "**Black-Out Period**" means the period during which designated employees of the Company cannot trade the Common Shares pursuant to the Company's policy respecting restrictions on employee trading which is in effect at that time (which, for greater certainty, does not include the period during which a cease trade order is in effect to which the Company or in respect of an insider, that insider, is subject).
7. In the event of the death of an Optionee while in the employment, or as a director or officer, of the Company or a subsidiary of the Company prior to 5:00 p.m. (Vancouver time) on the expiry date of the option (the "**Expiry Date**"), the option may be exercised by the legal representatives of such Optionee at any time up to and including, but not after, 5:00 p.m. (Vancouver time) on the date which is the first anniversary of the date of death of such Optionee or the Expiry Date, whichever is the earlier, after which the option shall in all respects cease and terminate and be of no further force or effect whatsoever.
8. In the event of: (i) the removal of an Optionee as a director of the Company or a subsidiary of the Company other than in the event of death of the Optionee, such that the Optionee is no longer an Eligible Participant; or (ii) the discharge of an Optionee as an officer or employee of the Company or a subsidiary of the Company for Cause (as such term is defined in the 2010 Option Plan), in each such case all options granted to such Optionee under the 2010 Option Plan shall in all respects forthwith cease and terminate and be of no further force or effect whatsoever, upon notice of such removal or discharge being given by the Company or subsidiary of the Company to such Optionee. "**Eligible Participants**" means such bona fide directors, officers, employees and consultants of the Company or its subsidiaries as represented by the Board, which shall from time to time be determined in its sole discretion.
9. PARTICULARS OF MATTERS TO BE ACTED UPON

Re-Approval of the 2010 Incentive Stock Option Plan, as amended June 14, 2015

The 2010 Option Plan was originally approved by the Shareholders on September 20, 2010 and last approved on July 12, 2016. As set out under the heading “*Securities Authorized for Issuance Under Equity Compensation Plans*” the maximum number of Common Shares that may be reserved for issuance under the 2010 Option Plan at any point in time is 10% of the total number of issued and outstanding Common Shares of the Company at the time the Common Shares are reserved for issuance pursuant to a grant of options under the 2010 Option Plan. As at July 14, 2017 there were options outstanding to purchase an aggregate of 8,665,000 Common Shares, representing approximately 73% of the current issued and outstanding Common Shares.

The policies of the TSXV requires that the 2010 Option Plan be submitted to Shareholders for re-approval every year. Effective February 17, 2015 the Company’s Common Shares delisted from the Toronto Stock Exchange and commenced trading on the TSX.V February 18, 2015. As a result, the Company incorporated significant changes to the 2010 Option Plan which was approved by the Company’s Shareholders at the 2015 annual general meeting. Hence, the 2010 Option plan remains the same and no further modifications have been made to the plan since that 2015 annual general meeting.

The 2010 Option Plan is described in more detail above under the heading “*Securities Authorized for Issuance Under Equity Compensation Plans*”.

If the 2010 Option Plan is not approved at the Meeting, the Company will not be able to grant further options and all previously granted options will not be available for re-allocation if the options are cancelled prior to exercise. All previously allocated options will continue unaffected.

Accordingly, at the Meeting, Shareholders will be asked to consider, and if thought fit, approve with or without variation, an ordinary resolution in substantially the following form.

UPON MOTION IT WAS RESOLVED THAT:

1. the 2010 Option Plan, as amended on June 14, 2015, subject to review and acceptance by the TSX Venture Exchange, is hereby approved;
2. any director or officer of the Company be and is hereby authorized to do such things and to sign, execute and deliver all documents that such director and officer may, in their discretion, determine to be necessary in order to give full effect to the intent and purpose of this resolution.

The Board unanimously recommends that Shareholders vote in favour of the above resolution re-approving 2010 Option Plan, as amended June 14, 2015. Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote FOR the approval of the 2010 Option Plan, as amended June 14, 2015.

LUPAKA GOLD CORP.
STATEMENT OF CORPORATE GOVERNANCE PRACTICES
July 14, 2017

General

The Board is responsible for managing or supervising the management of the business and affairs of the Company. Executive Management is responsible for the day-to-day conduct of the business. The Board's objective is to preserve and enhance corporate value. In performing its functions, the Board will act honestly and in good faith with a view to the best interests of the Company.

The Board believes that effective corporate governance contributes to improved corporate performance and enhanced shareholder value. The Company's corporate governance practices are reviewed by the Board. Given the reduced activity of the Company, on November 13, 2015 the Company dissolved the Governance and Nominating Committee and the Compensation Committee and revoked each of their charters. The Board as a whole has resumed responsibility once conducted by these two Committees. The Board has the responsibility of identifying, recruiting and appointing directors to the Board. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires the Company to disclose its corporate governance practices on an annual basis by providing in the information circular the disclosure required by Form 58-101F2. The following describes the Company's current corporate governance practices.

Board of Directors

The Board is currently comprised of six (6) directors, the majority of whom are "independent" directors within the meaning of NI 58-101. A director is "independent" if he is independent of management and has no direct or indirect material relationship with the Company which could, in the view of the Board, be reasonably expected to interfere with the exercise of the member's independent judgment.

The Board has considered the relationship of each director to the Company. At the date of this Circular, two of the Company's directors are not considered to be independent for the purposes of NI 58-101. Messrs. Ellis and Edwards are not considered to be independent because of their current or previous management positions with the Company. Messrs. Keevil, Shaheen, Silbernagel and Pareja are all independent directors.

Gordon L. Ellis is Chair of Board, President and Chief Executive Officer, effective October 15, 2015. Since the Chair and the Chief Executive Officer position is held by the same individual, the independent directors have designated from among them a lead independent director ("Lead Director"). On November 13, 2015, the Board appointed Norman Keevil as its Lead Director. The Lead Director will facilitate the functioning of the Board of Directors independently of management and provide Board effectiveness, maintain Board independence and provide oversight of management, in accordance with the Lead Director written position description.

Although Messrs. Ellis and Edwards are not considered to be independent within the meaning of NI 58-101, the Board has instituted a practice, whereby at the conclusion of each regularly scheduled board or committee meeting, the Company's independent directors, at their discretion hold an in-camera session at which non-independent directors and management are not in attendance.

In addition to their positions on the Board, the following directors also serve as directors of the following reporting issuers or reporting issuer equivalent(s):

Orientation and Continuing Education

New directors are provided with details of the Company's organizational structure, the structure of the Board, compliance requirements for directors, company policies, the Articles of the Company, technical reports, strategic objectives and the Company's budget so as to familiarize themselves with the Company and its subsidiaries. They also meet with the directors and Executive Management to learn of the operations and activities of the Company.

On an ongoing basis, presentations are made to the Board on various aspects of the Company's operations. Board members are encouraged to communicate with Executive Management, the auditors and legal counsel. Directors can also access financial information, management and engage technical experts and consultants. The Audit Committee Charter mandates the members to keep themselves current with industry trends and developments, and to attend related industry seminars. Directors attend conferences and seminars relevant to their particular professional expertise.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation, the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interest of the Company.

If a director or executive officer has an interest in any transaction or agreement before the Board, the interested directors or executive officers must abstain from voting on such issues and the discussion of such topics. Each director must disclose all actual or potential conflicts of interest to the Board or the Audit Committee

The Board has adopted a written Code of Conduct (the "Code") for its directors, officers and employees (permanent or temporary), agents, contractors and consultants. The Board requires each officer and director to certify their agreement and compliance with the Code on an annual basis. A copy of the Code may be obtained by written request to the Company's offices located at #220 – 800 Pender St West, Vancouver, B.C., V6C 2V6 or can be viewed either on the Company's website at www.lupakagold.com or on SEDAR at www.sedar.com.

The Board has instructed management to bring any breaches of the Code to the attention of the Audit Committee and the Board. The Company has adopted a Whistleblower Policy which allows its directors, officers and employees who feel that a violation of the Code has occurred, or who have concerns regarding financial statements disclosure issues, accounting, or internal controls, to report such violations or concerns on a confidential and anonymous basis directly to the attention of the chair of the Audit Committee either by mail c/o the Company or by email directly to the chair of the Audit Committee.

The Board has also adopted the Company's disclosure policy that covers the accurate and timely communication of all material information.

Nominations of Directors

The Board as a whole are responsible for proposing new nominees to the Board. The Candidate may be identified by management, directors, or through the retention of advisors or other referral sources. This Board is responsible for identifying required competencies, skills, time commitment and resources of potential directors and in making such recommendations, shall consider the diversity, skills, experience, background, gender and geographic representation of the members, as a whole.

Compensation

For the Compensation of directors, the Company does not have any arrangements, standard or otherwise, for their services as directors except for the granting of incentive stock options from time to time in accordance with the 2010 Option Plan. For a discussion of the process by which the Board determines the compensation of its Named Executive Officers see “*Compensation Discussion and Analysis*” above.

Policies Regarding the Representation of Women on the Board

The Board has not adopted a written policy relating to the identification and nomination of women directors or executive officers or set specific minimum targets for board or executive officer composition at this time. The Board believes that each potential nominee should be evaluated based on his or her individual merits and experience, taking in to account the needs of the Company and the current composition of the Board and management team, including the current level of representation of women in such position. There are currently no female directors, one officer of the Company is female.

Assessments

The Board conducts informal internal annual assessments of the Board’s effectiveness, including the Audit Committee and individual directors. As part of these assessments, the Board and the Audit Committee compare their performance to their role and responsibilities as set out in their respective mandate or charter. From time to time, the Board and Audit Committee review and assess their performance using a written questionnaire.

Director Term Limits and Other Mechanisms

The Board as a whole reviews each director’s continuation on the Board annually and periodically considers whether term limits should be established for directors. The board believes that the imposition of term limits for directors discounts the value of experience and continuity on our board. Although the notional objective of term limits is to encourage board renewal and introduce new perspectives and skill sets, the board believes that it can achieve the right balance of these goals and board continuity without mandated term limits.
